

FALL IN SWAMP ENDS AIR TRIP

Two Fliers Have Close Call
When Dayton Plane
Drops at Berwyn.

Lt. M. D. Mann and Sgt. Em-
erick, of Wilbur Wright Flying
Field, Dayton, Ohio, miraculously
escaped death Sunday afternoon
when a De Havilland 4 aeroplane
piloted by Mann made a forced
landing in a swamp one mile north
of Berwyn, Md., after missing a
crash into the home of T. T. Hack-
by by a hairbreadth.

Despite heavy fog, Mann man-
euvered the plane, subjected to
engine trouble throughout the trip,
away from hard ground and into the
marsh. Even with this soft under-
foot, it was almost completely
wrecked. The flier and observer
left it mired and rode into Wash-
ington by auto.

The plane left Dayton at 8:30 a.
m., bound for New York for partici-
pation in the Pulitzer trophy con-
test. Engine trouble developed
shortly after the start and two
forced landings were made before
the smash. Mann decided to make
Bolling Field, Anacostia, for a
night's stop-over. Nearing Berwyn,
however, and with the landing field
at College Park but two miles dis-
tant, he found he must come down
immediately.

Hackney was enjoying a peaceful
Saturday afternoon when he heard
the intermittent roaring and rum-
bling of an airplane engine in bad
shape. Fearing that his house
would be struck, he rushed outside
in time to see the plane swoop over
his roof, nose suddenly downward
and plough into the nearby morass.

Chicago Police Round Up 800 In Crime Drive

New Chief Personally Con-
ducts Raids Lasting Near-
ly 24 Hours.

CHICAGO, Nov. 22.—Approximate-
ly 800 arrests were made and gam-
bling paraphernalia valued at thou-
sands of dollars was seized in a
crime drive in Chicago yesterday.
The drive started at midnight Sat-
urday and continued until about 11
p.m. Charles Fitzmorris, chief of police,
and Michael Hughes, chief of detec-
tives, personally directed operations.
"Fill up the cells," was the order
given by Chief Fitzmorris. The ar-
rests of the chief was executed by 300
detectives and police. The falls were
detected tonight. The prisoners for the
most part were gamblers, but scores
of men and boys carrying arms
were gathered in. Some had bur-
glars' tools. The drive brought in
numerous "dope" sellers and boot-
leggers.

Raids centered around notorious
gambling dens. How it was carried
on is well illustrated by the raid
on "Archie Quinn's Smoke Shop." The
place was swarming with gamblers
and the tables groaned under the
weight of gold and silver.

Automobiles loaded with detec-
tives and police dashed to the curb.
With drawn pistols the officers
smashed through doors and into the
heart of the dive. Gamblers who at-
tempted to "rush" the police and es-
cape were clubbed to insensibility.
When the place was "mopped up,"
ten loads of prisoners were hauled
away. Gold, silver and currency
taken from the gambling tables ex-
ceeded \$13,000.

Another sensational raid was
that on the establishment of "Nick
the Greek." Dandolo. Scores were
arrested but only a small sum of
money was found. Dandolo was
searched. He had \$140,000 in cash
had scooped from the tables hidden
in his shirt.

FAITH POWER PULPIT TOPIC

Performs Seemingly Impos-
sible Feats, Declares First
Baptist Church Pastor.

"The greatest dynamic on the
face of the earth is the faith in
the living God's power," said Dr.
Henry Allen Tupper, pastor of the
First Baptist Church, in his sermon
on "The Lever to Lift Our Land,"
Sunday night. Dr. Tupper selected
the essentials of his talk from the
following text: "Verily, I say unto
you, if ye have faith as a grain of
mustard seed ye shall say unto this
mountain, Remove from your plain,
and it shall be removed; and noth-
ing shall be impossible to you."

Dr. Tupper said in part: "The
mustard seed of faith will remove
the mountain of difficulty, of igno-
rance, and of failure. That seem-
ingly impossible shall be done by
it. This faith, however, must be
positive, unwavering, and invinc-
ible. A negative faith is like an
empty cartridge—possessed of no
explosive strength. The soldier, the
statesman, the student, and the
Christian, have failure written upon
the banner of conflict if life is not
linked with fellowship and partner-
ship in the omnipotence and omni-
presence of God.

"The Divine One declares that if
this dynamic power is in our per-
sonal possession the impossible in
the national, in the individual, in
the social and in the spiritual life
shall be transmitted into the pos-
sible, and faith gives us victory
when all human efforts fail."

School Frolic Broken Up by Kitchen Brew

NORTH ADAMS, Mass., Nov.
22.—At a dance of the freshmen
and sophomore classes of the
Drury High School, held Saturday
night, several girls and boys
became intoxicated and a quarrel
containing "home brew." The
principal of the school has begun
an investigation and guilty ones
will be questioned.

An intoxicated young man
fired several shots out of a win-
dow and a policeman was called.
The officer took the pistol from
the student, but did not make an
attempt to arrest him.

Last week Principal H. H.
Gadsby threatened to expel girls
who showed traces of too much
wine and powder.

LEAGUE SMASH ON REDS URGED

France Pins Last Hope of
Bolshevist Defeat on
Covenant.

France defeated in the Crimea,
Wangell turned to the league of
nations as a last resort to destroy
the Soviet government in Russia.

Two things France knows cer-
tainly:

1. A military action by a general
like Baron Wangell has no chance
of success.
2. England will not assist in a
vigorous anti-Soviet policy. Resump-
tion of trade relations between En-
gland and Russia will not hurt Anglo-
French relations between the entente
has long ceased to exist. France
feels that England may yet see a
thrust in the league of nations army
and refuse further to support the
idea.

Problems involved.

Premier Laygue is going to London
in a few days commissioned to
discuss the entire new orientation
of European policy in Russia. This
includes the near crisis in Turkey
where the allied grip is fast loosening,
and the return to the Greek
throne of King Constantine, which
France may yet be forced to permit.

Bolshevik leaders of Soviet Rus-
sia, under the commercial treaty
seem about to sign with the
British government in Russia. This
treaty gives the Soviet govern-
ment the right to maintain rep-
resentatives in England and to com-
municate with them through sealed
diplomatic letters.

Under this arrangement, it is
pointed out, Bolshevik propaganda
and money to back it can be trans-
ferred from Petrograd to London
and then poured into every dissi-
dient country of the world. The Bol-
shevik representatives in London are
immune from arrest under the
treaty.

Representatives of foreign gov-
ernments in Washington believe the
treaty represents just the opportu-
nity the Lenin government long
has been trying to spread its
doctrine of communism throughout
the world.

DUBLIN CASTLE ISSUES REPORT

Sinn Fein Attack Soldier
Lodgings, Search for
Documents.

LONDON, Nov. 21.—Dublin Castle,
the seat of government in Ireland,
last night issued the following offi-
cial statement on Sunday's Sinn Fein
reprisals in Dublin:

"Sinn Fein murder gangs number-
ing 12 to 25 each simultaneously
attacked the lodgings of the mili-
tary."

The assailants diligently searched
for documents and succeeded in de-
stroying a quantity of evidence.

"One of the assailants was cap-
tured. He was severely wounded by
an officer, who immediately fell dead
from revolver shots fired by other
members of the gang."

"There is great fear in official cir-
cles that wholesale reprisals will
follow. The staffs of the various
government departments concerned
have been ordered to remain on duty
pending developments."

An official explanation of the
Sinn Fein attack on a Dublin
football game is given in a state-
ment by the authorities here to-
night.

They declare that there is reason
to believe that a number of Sinn
Fein gunmen arrived under a pre-
text of attending the match, but
really to commit murder, and that
they mixed with the force of mili-
tary and police which surrounded
Croke Park this afternoon in a
search for arms. The Sinn Fein
pickets fired and the force returned
the fire, killing ten and wounding
others.

Three thousand people were
searched, according to the authori-
ties, and thirty revolvers were
picked up. One man and one wom-
an were killed in the crush.

PUSH BRITISH BOYCOTT PLAN

Friends of Irish Freedom
Told of Ownership of In-
surance Firms.

First steps in a campaign to boy-
cott products of English industry
were taken by members of the
Padriac H. Pearce branch of the
Friends of Irish Freedom, meeting
in their auditorium at Sixth and E
streets northwest Sunday night
when they distributed leaflets ad-
vising members of the ownership of
various foreign insurance com-
panies.

A total of forty-four British-
owned insurance companies were
contained in the compilation, while
nineteen companies were listed as
British-owned. Names of forty-
eight companies owned by foreign
interests other than British were
also listed.

"England," according to a promi-
nent notice on the leaflet, "cannot
pay her indebtedness to the United
States. Can English insurance com-
panies pay their liabilities?"

Osmond Gratian Esmond, coun-
cilor of the Irish "Republic," painted
a glowing picture in describing the
friendly attitude of various nations
toward Irish freedom.

COUGHED A LOT IN THE MORNING—
Lost Weight, Looked Bad.

SAYS HYPO-COD
BUILT HIM UP

"I began slipping downhill and
caught a cold. Settled in my bron-
chial tubes and gave me all sorts of
trouble. I'd have a fit of coughing
every morning on getting up. Felt
sort of weak, achy and bad. My
appetite went back on me and I was
losing weight. I slipped into the
Peoples' Drug Store here in town
and took a look at a bottle of
Earle's Hypo-Cod which I had heard
about and the formula looked good
to me. I took it home and say—
Hypo-Cod is what it takes to knock
out troubles like I had. It made a
clean sweep. I eat three big hearty
meals per day and started gaining
weight in a few days. I picked
right up and that old cough disap-
peared. I don't cough in the morn-
ing. I don't cough any time. It's
a wonderful tonic. Friends who
have taken my tip swear by Hypo-
Cod, too, so you can put me down
as a Washington booster," declared
A. C. Marsh, 612 O St. N. W.

Cigarette smokers and people
who are always catching cold will
find that this powerful preparation
keeps the system in top-notch con-
dition and slight coughs and colds
vanish like a morning mist.

Hypophosphated-Malt, Wild Cher-
ry Bark, soluble extracts of Cod
Liver Oil—all are excellent and in
Hypo-Cod you get the real thing in
a modern combination producing re-
sults in a speedy manner.

Earle's Hypo-Cod is a little more
per bottle perhaps, but less is re-
quired the customer will find—be-
fore it is too late. Read what
another Washingtonian says on the
right and below.

I WAS SKEPTICAL BUT
I HAD LOST WEIGHT, Ate But Little,

HAD TRIED MEDICINE
WITH NO RESULTS

"A lot of people are just like I
was. I had worried along with poor
health for a long time. I took a lot
of different medicines with no re-
sults at all. I was just a weak, thin
man I was working with asked me
one day if I had ever taken Hypo-
Cod. I said no. He said it was
great so I bought a bottle. I took
it just because I had paid for it—
not because I figured it would do
any good. I had taken so much
stuff I had no faith in medicine.
That first bottle fooled me though.
It is wonderful. I began eating
good again and sat down to things I
never dared touch and would never
be bothered at all. I started sleep-
ing sound and got real rest at night.
Before I had a way with the first
bottle I changed my mind about
Hypo-Cod. Now my mother is tak-

WASHINGTON MAN
PRAISES TONIC

"This new tonic they are recom-
mending down at the Peoples' Drug
Store is surely the real thing," de-
clared Joseph W. Dant, 825 6th St.
S. W.

"I was in poor health and would
come home from work all tired out
with the day's work, but some-
how I couldn't get to sleep. I'd toss
and roll around half the night and
wake up feeling like I had been
killed. I bought a bottle of Hypo-
Cod. I took it and found it did
wonders for me. I'm feeling excel-
lent. I slip into bed at night and
go right off into restful slumber and
wake up feeling fine and ready for
a big breakfast. It surely speeded
up my appetite and by the time I'd
taken those four bottles I had
gained 7 pounds and looking a whole
lot better. I'm contented. Dant.

Indoor work, lack of exercise,
changeable weather, coughs and
colds and a weak stomach throw a
person off color easily. Just a little
dose of nice tasting Hypo-Cod three
or four times a day for a few days
puts the user back on his or her
feet in tip-top shape. Drop in at
the drug store tonight and get a
bottle. Swear to another user says
in article below.

CHILDREN NEED
GOOD TONIC NOW

At this season of the year chil-
dren need strong, vigorous, hearty
appetites to take care of the heavy
winter foods they need to keep their
little bodies warm, and fat. They
need strong husky lungs to with-
stand the changeable weather,
and avoid dangerous coughs, colds,
etc.

Grandma gave her little boys and
girls icky fasting cod liver oil and
other nasty tasting tonics. Children
love Earle's Hypo-Cod. It is nice to
take. Children study, play, grow
and look better when strong and
well. Ask the druggist about
Earle's Hypo-Cod. Better still take
home a bottle tonight and let the
whole family tone and build them-
selves up. Mother and Dad, both
need a tonic as well as the children,
no doubt.

that for six weeks I was in desper-
ate shape. Nothing seemed to help
me and you can see how bad I was.
I had lost weight steadily. Then I
went down to the drug store and
brought home some real medicine
and what a change it made in me.
I eat anything I want. Have a fine
appetite. Have gained back all the
weight I lost and since then I've
told friends about this medicine. It
is Hypo-Cod and although some

ant and nice tasting that it agrees

Expelled Tongman
Found Slain in
N.Y. Chinatown

NEW YORK, Nov. 22.—The un-
written law of the Chinatown tong
that the penalty for squealing is
death was carried out in Doyers
street last night.

Leong Yung, 25, an expelled mem-
ber of the Hip Sing Tong is dead,
and not a Chinaman knows who
killed him, though his death was
witnessed by scores who come from
whichever of the Metropolitan dis-
trict to take a chance at fan tan
and other Chinatown amusements.

Yung was shot down in front of
a pool room while making a desper-
ate effort to get away from his as-
sassin.

Two shots were fired into his
back. Although Detectives Sheehan
and O'Connor were only a few rods
away, they could not get to the
narrow street opened and swallowed
the man with the gun.

BIG EATERS GET
KIDNEY TROUBLE

Take a Glass of Salts Before Break-
fast If Your Back Hurts
or Bladder Bothers
You.

The American men and women
must guard constantly against kid-
ney trouble, because we eat too
much and all our food is rich. Our
blood is filled with uric acid which
the kidneys strive to filter out. They
weaken from overwork, become
sluggish; the eliminative tissues
clog and the result is kidney trouble,
bladder weakness and a general de-
cline in health.

When kidneys feel like
lumps of lead; your back hurts or
the urine is cloudy, full of sediment
or you are obliged to seek relief two
or three times during the night;
if you suffer with sick headache or
dizzy spells, acid stomach, or you
have rheumatism when the weather
is bad, get from your pharmacist
about four ounces of Jad Salts; take
a tablespoonful in a glass of water
before breakfast for a few days and
your kidneys will then act fine. This
famous salts is made from the acid
of grapes and lemon juice, com-
bined with lithia, and has been used
for generations to flush and stimu-
late clogged kidneys; to neutralize
the acids in the urine so it no longer
is a source of irritation, thus end-
ing bladder disorders.

Jad Salts is inexpensive; cannot
injure, makes a delightful efferves-
cent lithia-water beverage, and be-
long in every home, because no-
body can make a mistake by having
a good kidney flushing any time.—
